

talent and technology for energy excellence

The world is growing. Every day we see more people, more industries, more economic growth – and an ever-increasing demand for energy. With industry-leading technical expertise of ExxonMobil group, **Esso (Thailand) Public Company Limited**, an affiliate of ExxonMobil, is uniquely positioned to deliver the energy needs of the country.

Our integrated petroleum and petrochemical business, efficient logistics and distribution system, modern service stations, leading-edge technology and talented workforce ensure we reliably deliver high quality fuels to our customers nationwide – every day of the year.

And around the world, ExxonMobil group applies science and innovation to find better, safer and cleaner ways to deliver the energy the world needs. In fact, ExxonMobil group employs thousands of engineers and PhD researchers around the world – who are continually exploring energy breakthroughs.

With talent and technology, Esso (Thailand) Public Company Limited and ExxonMobil group are helping to meet the energy challenges of our growing world.
